## Meet us at BEBPA's 5th Annual US Bioassay Conference

One month until the 5th Annual US Bioassay Conference / BEBPA starts virtually. We are going to participate as a sponsor, and you can find our team at our V-Booth (virtual booth). This time, we have the brand new PLA 3.0.5 (Released in December 2020) with us.

We would be pleased to welcome you to our V-Booth to present the three areas where PLA has seen major innovations and improvements.

- Dose-Response Analysis Package
    - Various biostatistical methods for immunoassays, ELISA, etc.
    - Equivalence testing and development for calibration curves
    - Enhanced response data processing
    - Subgroup analysis
    - New reports and document dashboards
- Always up to date with PLA 3.0.5
    - New Add-on management in PLA 3.0
    - New dashboard in PLA 3.0
- Numerous improvements that enhance performance and usability
    - Revised data table handling
    - Enhanced user experience

Or would you like to get more information about our broad variety of Add-ons, Data Acquisition Modules, Validation Package, or your possibility to get individual solutions? By talking to you directly, we can understand your requirements and propose solutions matching your needs.

Looking forward to meeting you at the BEBPA. Not registered yet? Then please register here.

Best regards
