- [Meet us at](#)
- [Latest PLA 3.0 Releases](#)

[Have you already visit our PLA 3.0 Help Center with tutorial videos](#)

Did you know that you can use our [Help Center](#) to find instant answers to questions regarding installation and use of PLA 3.0? Our goal is to provide you with the information you need at the time you need it and thus we created a series of guides and tutorial videos.

[Visit Help Center](#)

Our guides contain background information and in-depth descriptions of PLA 3.0 concepts, focusing on different audiences such as users and administrators. Our tutorial videos visualize some common use cases and guide you through them step by step.

Feel free to visit our Help Center from time to time. We keep adding new materials to improve your experience with PLA 3.0.

If you still have questions after you visited our Help Center, as a PLA user with an active PLA Support Contract you have access to our in-house Support Team ([support.bioassay.de](mailto:support.bioassay.de)). Our support service includes technical, installation support, statistical and scientific support. Within one business day, the team will contact you and is going to support you in solving your issue.
