## How to get the information you need at the time you need it

Dear Max,

What to do if you don't find what you are looking for in PLA 3.0 right away? You can continue browsing through the software, contact our Support Team, or book one of our business classes. Or you can have a look at the various resources in our Help Center.

Did you know that you can use our Help Center ([Link](#)) to find instant answers to questions regarding installation and use of PLA 3.0? Our goal is to provide you with the information you need at the time you need it, and thus we created a series of guides and tutorial videos.

Our guides contain background information and in-depth descriptions of PLA 3.0 concepts, focusing on different audiences such as users and administrators. Our tutorial videos visualize some common use cases and guide you through them step by step.

Feel free to visit our Help Center from time to time. We keep adding new materials to improve your experience with PLA 3.0.
